**Revised Plans, 263 Queen St, Campbelltown**

On 19 March 2018, the Sydney Western City Planning Panel refused a development application by Michael Brown Planning Strategies for the restoration of and additions to the existing heritage-listed former CBC Bank building, demolition of an existing commercial building and construction of a 21 storey building at the rear of the site incorporating two levels of commercial tenancies and 101 residential apartments over 19 levels, and four levels of basement car parking at Lots 1 & 2 SP 41598, 263 Queen St, Campbelltown.

The applicant appealed the Panel’s decision in the Land and Environment Court and revised plans have been received by Council in respect of this appeal. The revised plans indicate a reduction in the number of storeys to 12 and reduction in the number of apartments to 65.

The proposed development was identified as Nominated Integrated Development as it required an approval from the Heritage Office under the Heritage Act 1977.

The amended application and accompanying Statement of Environmental Effects are on exhibition and available for review at the ground floor of Council’s Civic Centre during Council’s ordinary office hours and at HJ Daley Library, Hurley St, Campbelltown.
