Site Plan

Purpose

To seek Council approval to enter into a Deed of Agreement for construction access and the creation of easements for bridge stratum, Right of Carriageway and Services over land currently owned by Western Suburbs Leagues Club (Wests) to facilitate the Leumeah Pedestrian Bridge.

Report

The Leumeah Pedestrian Bridge proposed to be constructed over the rail corridor and land owned by Wests (Lot 1 DP 1019063) will serve to link the north western Leumeah rail commuter car park to the Campbelltown Sportsground.

The platform of the Leumeah Pedestrian Bridge will pass over land owned by Wests and as a result Council will be required to secure access for construction and easements for bridge stratum, Right of Carriageway and Services over Lot 1 DP 1019063.

It should be noted that the proposed Leumeah Pedestrian Bridge will be a clear span bridge with the bridge columns to be constructed on Council owned land. It is proposed that the easements would be created upon construction of the bridge being completed to ensure accurate survey information.

In the interim to provide Council with certainty that legal access would be available to construct the bridge to allow the matter to proceed to tender once RailCorps final approval is provided it is proposed to enter into a Deed of Agreement with Wests.

In this respect the terms of the Deed of Agreement will provide Council with legal certainty to provide construction access and for creation of the necessary easements on completion of construction.

As outlined, the Leumeah Pedestrian Bridge will facilitate the movement of pedestrian traffic from the north western Leumeah commuter car park to the Campbelltown Sportsground.

It is currently proposed that the Leumeah pedestrian bridge would only be open for pedestrian traffic on NRL game days at the adjoining Campbelltown Sportsground. There will also be an opportunity to consider other requests for the bridge to be opened on a request by request basis.

A request has been made to Wests to enter into a Deed of Agreement with Council to provide certainty for construction access and for the grant of the necessary easements for nil compensation. Council will be responsible for all costs in relation to the Deed of Agreement along with the creation and registration of these easements including Wests reasonable legal costs.

Accordingly, it is recommended that Council approve the Deed of Agreement to allow construction access and the creation of easements for bridge stratum, Right of Carriageway and Services over Lot 1 DP 1019063 from Western Suburbs Leagues Club on the terms outlined.

Upon finalising a Deed of Agreement with Wests final approval will be sought from RailCorp in order to proceed to tender on the bridge works.

Officer's Recommendation

- 1. That Council approve for a Deed of Agreement with Western Suburbs Leagues Club for construction access and creation of easements over Lot 1 DP 1019063 on the terms outlined in the report.
- 2. That all documentation associated with the Deed of Agreement and registration of the easements be executed under the Common Seal of Council.

Locality Plan

Purpose

To seek Council approval to enter into a Landscaping Deed with NSW Harness Racing Club Limited for landscape works over part of Racecourse Avenue at Menangle Park for beautification purposes.

Report

NSW Harness Racing Club has written to Council seeking approval to undertake landscaping works on Council's land (public road) at the railway viaduct entrance to Tabcorp Park Menangle.

It was identified that this entrance is currently the main access point to the Paceway and is utilised by thousands of visitors some of which come from international destinations. As such an opportunity exists to improve the entrance to this destination facility to improve the appearance through landscaping works.

It was also advised by NSW Harness Racing Club that it would fully meet the cost of Council approved landscaping works and that club would also legally absolve Council from any future responsibility in the maintenance of the area or risks associated with the beautification works.

It is proposed that the beautification works will occupy an area of approximately 100 square metres of the road reserve along Racecourse Avenue situated in the immediate proximity of the entrance tunnel to the Paceway.

It is proposed that the main conditions relating to the Landscaping Deed would be as follows:

- 1. An occupation fee of a nominal \$1 per annum if demanded.
- 2. NSW Harness Racing to indemnify Council from any claims.
- 3. NSW Harness Racing to be responsible for undertaking and maintenance of the landscape and beautification works.

Accordingly, it is recommended that Council approves the Landscaping Deed with NSW Harness Racing Club for beautification works to the entrance of Tabcorp Park at Menangle on the conditions outlined.

Officer's Recommendation

- 1. That Council approves the Landscaping Deed with NSW Harness Racing over a section of Racecourse Avenue at Menangle Park for beautification works.

Investment Portfolio Performance – September 2010

Purpose

To provide a report to Council outlining the investment portfolio performance for September 2010.

Report

Council invests any surplus funds that become available through the financial instrument designated by the Ministerial Order from the Division of Local Government. The *Local Government Act, 1993* and the Local Government (General) Regulation 2005 require a monthly investment report be presented to Council.

Council's Investment Portfolio as at 30 September 2010 stood at approximately \$79m. Funds are currently being managed both by Council staff and Fund Managers and are in accordance with the *Local Government Act, 1993,* Local Government (General) Regulation 2005 and Council's Investment Policy.

Monthly Performance

The return for the entire portfolio on an annualised basis was 5.71%. This reflects an out performance of the 90 day bank bill index benchmark which returned 5.66%. Funds directly invested returned 5.85% for the month.

Rolling Year to Date (annualised) Return	September
Council Managed Funds	5.19%
Local Government Fixed Out Cash Fund	4.70%
Benchmark: 90 Day Bank Bill Index	4.32%

Councils portfolio is diversified with 66% in term deposits of varying lengths of maturity which are dependent on market expectations and Councils investment strategy, 18% in floating rate notes which gives Council a set margin above either 30 or 90 day bank bills, 15% in Local Government Financial Services managed fund and 1% in a National Australia Bank offset facility.

All investments are placed with Approved Deposit Taking Institutions who meet the eligibility for the government wholesale funding guarantee.

Credit Exposure	September
AAA to AA-	65%
A+ to A	22%
A- to BBB-	9%
Other Approved Deposit Taking Institutions	4%

Economic Outlook

At its meeting on 5 October 2010 the Board of the Reserve Bank announced that the official cash rate remained at 4.50 per cent. The Reserve Bank judged the setting of monetary policy to be appropriate for the time being, noting however, "if economic conditions evolve as the Board expects, it is likely that higher interest rates will be required at some point, to ensure inflation remains consistent with the medium term target". The next move is therefore almost certainly up.

It should also be noted at its meeting on 2 November 2010, the Board of the Reserve Bank decided to raise the cash rate by 25 basis points to 4.75 per cent which will be included in the October investment report to be presented to Council.

There is little scope to enhance returns on Council's Investment Portfolio given the conservative nature of the Local Government Investment Guideline. Discussions have been held with Council's external financial advisor to evaluate options that comply with the current Guideline and also provide an opportunity to increase returns with minimum risk. Floating Rate Notes are a financial instrument offered by the major banks that meet Council's investment strategy and the Guideline and also enhance returns with a guaranteed percentage above the 90 day Bank Bill Index.

Regular liaison with Councils external financial advisor, Spectra Financial Services, assists in monitoring all of the risk factors to maximise Councils return on the investment portfolio while minimising the risk associated with this strategy.

- 3. Rates Statistics

Purpose

To provide Council with an update on the collection of rates and charges together with a comparative budget to actual financial result for the month ending 30 September 2010.

Report

Rates and charges levied up to 30 September totalled \$74,379,899, representing 98.7% of the estimated budget for the year.

Receipts collected to the end of September totalled \$24,381,858. In percentage terms this amount represents 31.7% of all rates and charges due to be paid. In comparison, the amount collected for the same period last year was 32.4%.

Debt recovery action during the month involved the issue of 8,930 Missed Instalment Reminder Notices totalling \$2,331,487 to ratepayers with an outstanding balance of less than \$500. Ratepayers with outstanding balances exceeding \$500 received a seven-day letter of demand requesting their urgent attention to payment of the amount due or suitable arrangements to be made. These letters were issued to 1,781 ratepayers with a total debt of \$2,192,416. Instruction to Councils agents, Executive Collections, was subsequently made to issue a second seven-day letter to 670 ratepayers who had failed to pay the amount due. Interest charges aside, no additional costs have been incurred by defaulters at this stage. Formal legal action is due to commence in early October 2010. A reduction in the amount outstanding has been realised on these matters of \$1,502,624 since the issue of the second seven-day letter.

Ratepayers who have purchased property since the annual notices were issued have been issued a 'Notice to New Owner' letter. This letter advises ratepayers the annual amount levied and any balance unpaid since settlement occurred. During September, 114 of these notices were sent to ratepayers.

Correspondence received from NSW Local Government Grants Commission

Purpose

To provide a report outlining Council's allocation of financial assistance grant funding for 2010/11.

Report

Council received correspondence dated 8 October 2010 from the NSW Local Government Grants Commission advising the allocation of the 2010/11 Financial Assistance Grant. The grant is made up of two components, being the General Purpose component and a Local Roads component and is paid to local councils under the provisions of the *Commonwealth Local Government (Financial Assistance) Act 1995.*

Although there are two separately identified grant components, the total funds are paid to Council as unconditional grants and therefore may be used for any purpose according to Councils local priorities. Council allocates the General Purpose component to fund various operational activities however the Local Road component is specifically allocated towards maintenance of Councils local roads network.

FINANCIAL ASSISTANCE GRANT

Details of the amount allocated to Council for the 2010/11 Financial Assistance Grant as compared to budget is shown in the table below:

Component	General Purpose	Local Roads	Total
2010/2011 Entitlement	\$8,251,816	\$1,464,742	\$9,716,558
2009/2010 CPI adjustment	\$126,314	\$18,103	\$144,417
TOTAL	\$8,378,130	\$1,482,845	\$9,860,975
2010/2011 Budget	\$7,620,000	\$1,405,583	\$9,025,583
Adjustment required	\$758,130	\$77,262	\$835,392

The table above reflects an additional amount of \$835,392 in the 2010/11 Financial Assistance Grant as compared to the current budget. This adjustment will be reflected in the September Quarterly Financial Review and it is proposed to fund the local roads program, employee leave entitlement reserve and to extend Campbelltown Airds Indoor Sports Centre funding until June 2010.

The funding will also provide scope for the creation for three positions including a website officer which has been identified as part of Council's strategy to augment its internet site to ensure the credibility and precision of the content. Following an independent review of the Contracts and Procurement Section, a recommendation for two contracts administration officers be added to the establishment in order to address the issues raised by the independent review.

It is also recommended that additional operational funding will reinstate a budgeted surplus of \$250k to mitigate risk due to rising utilities and strengthen Council's unrestricted current ratio.

To assist Councils to deal with the effects of the economic downturn, the Government announced as part of the Commonwealth budget that it would bring forward the first quarter of the 2010/11 grant pool to all Councils in June 2010. Acceleration of the funding was to assist in the Governments strategy of supporting economic growth and jobs and enabled Local Government to bring forward delivery of some services into 2009/10 or early 2010/11 when they may otherwise have been provided later in 2010/11.

It should be noted that Council received an advance payment of \$2,404,342 which although was recognised as revenue in the 2009/10, in accordance with the Code of Accounting Practice, was placed in restricted funds to be reimbursed for expenditure in the 2010/11 financial year.

Officer's Recommendation

- 1. That the information be noted.
- 2. That the additional funds be adjusted at the quarterly review.

Committee's Recommendation: (Rule/Chanthivong)

That the Officer's Recommendation be adopted.
