DECLARATIONS OF INTEREST

There were no Declarations of Interest at this meeting.

2.3 Hallinan Park, Ingleburn - Removal of Significant Tree

Reporting Officer

Acting Manager Operational Services

Attachments

1. Locality Plan.
2. Photograph.
3. Visual Assessment Report (to be tabled).

Purpose

To seek Council approval to remove a tree listed on Council's Significant Tree Register from Hallinan Park, Ingleburn.

Report

The tree is a 10 metre high *Cedrus Lebani* (Cedar of Lebanon) located within Hallinan Park, Ingleburn and is included on Council's Significant Tree Register.

The tree is located on the Cumberland Road frontage of Hallinan Park, Ingleburn and adjacent to the Myrtle Cottage Complex. Additional maintenance and monitoring of the trees retained in the refurbishment of Hallinan Park has been ongoing.

A recent inspection of the park and the subject tree has been undertaken by Council staff and has been found to be in an unrecoverable condition.

Reasons for the decline appear to include:

- Severe drought conditions which have contributed to the tree's decline since 2006.
- Alteration of drainage patterns and soil disturbance which were necessary for construction works but have impacted on the soil conditions and the microclimate in the vicinity of the tree.
- Soil compaction over many years of park usage causing restriction to root activity.

The tree is now considered to be a potential hazard to the general public and should be removed.

It is proposed to replace the tree with an advanced specimen.

Officer's Recommendation

1. That the 10 metre high Cedrus Libani (Cedar of Lebanon) tree located within Hallinan Park be removed and replaced with an advanced specimen.
2. That removal of the tree be reported to the Heritage Protection Sub Committee.

Committee's Recommendation: (Glynn/Thomas)

1. That the 10 metre high Cedrus Libani (Cedar of Lebanon) tree located within Hallinan Park be removed and replaced with an advanced specimen.
2. That removal of the tree be reported to the Heritage Protection Sub Committee.
3. That seed from the Cedrus Libani tree be collected and kept for the proposed biodiversity centre.

CARRIED

Council Meeting 6 April 2010 (Lake/Hawker)

That the Committee's Recommendation be adopted.

Council Resolution Minute Number 54

That the Committee's Recommendation be adopted.
