5. MAYORAL MINUTE

5.1 Local Government Representation on the National Cabinet

Recommendation

1. That Council write to the Premier Gladys Berejiklian and to Dr Mike Freeland, Federal Member for Macarthur and to the Member for Campbelltown, Greg Warren, the member for Macquarie Fields, Anouack Chanthivong which highlights Council's disappointment that Local Government is not represented on the newly formed National Cabinet and seeks their assistance in requesting that First Ministers review the decision to exclude Local Government.
 2. That the Mayor and General Manager seek a meeting with local Federal and State Members to discuss in more detail the importance of having local government representation on National Cabinet and the value of partnerships with Councils in achieving the objectives of the National Cabinet and the national reform agenda.
 3. That Council supports and notes the Australian Local Government Association, Local Government NSW and other state/territory local government associations will continue to advocate for local government representation on the National Cabinet and for Local Government's interests in all relevant forums.
-

At the Council of Australian Governments (COAG) meeting in March 2020, the Prime Minister, Premiers and Chief Ministers agreed to establish a National Cabinet to focus on health and address the country's response to the coronavirus. Local Government was not offered a seat at the National Cabinet table.

More recently, the Prime Minister announced the continuation and broadening of the agenda of the National Cabinet, which they considered to be a much more effective body than COAG for making decisions in the national interest. Despite representation on COAG since 1992, the membership of the broadened National Cabinet was not extended to include Local Government.

The challenge facing National Cabinet over the coming months is unlike any which has faced Australian governments in recent times and it will require the concerted, coordinated and complementary efforts of all three levels of government to rebuild consumer confidence, support business and recreate millions of jobs. Local government that is best placed to drive locally-led recovery.

Australians expect their three levels of government to be working together, and to see evidence of that. Including Local Government in National Cabinet would demonstrate a strong unity of purpose and a combined commitment to promote and implement National Cabinet decisions across the broadest implementation platform available to government.
