

SMART SHOPPING

Consider these tips when you're out shopping to reduce your footprint, and use your purchasing power to send a positive message to producers and manufacturers

FOLLOW THE WASTE HIERARCHY:

REFUSE, 
REDUCE, REUSE,
RECYCLE. 

OR AS CLOSE TO IT AS POSSIBLE

GOING GREEN doesn't have to cost more,
it can save money, especially when the products use
less energy, generate less waste and last longer.

Smart shopping means considering the environmental impact of your purchases
