Message from the Mayor

Campbelltown is growing over the next four years and the Plan will help us to improve our City, especially for people with disability. We will do this by making our parks and footpaths easy to use. Make sure information is easy to understand. Make it easier for people with disability to be employed. Make it easy to take part in events and meetings. Show the community the good things people with disability do.

Cr George Brticevic
Mayor of Campbelltown City Council

People with disability in Campbelltown

163,000 people live in Campbelltown

21,427 people who live in Campbelltown have a disability

7,720 people reported needing help in their day-to-day life in Campbelltown

Why we made a Plan

All Governments in Australia are working on ways to improve things for people with disability.

Campbelltown Council is working on its own Plan about Campbelltown and the people with disability who live and work here.

What we do well:

- Support at our child care centres
- Support groups with Community Grants
- Helpful Customer Service staff
- Good programs at Leisure Centres
- Council newsletter

What we need to improve on:

- Different ways to communicate
- Staff training on understanding disability
- Promote disability employment
- Council events

What we will do:

What you want Council to do

- Make us feel welcome
- Help us to get around easily
- Employ people with disability
- Allow us to have a say
- Help us get information
- Allow us to take part in City life

Make sure our Plan is working

We will make sure everyone at Council uses the Plan

We will tell you each year what we have done from the Plan

We will ask you if the Plan is working
