

WELCOME TO CAMPBELLTOWN

CAMPBELLTOWN.NSW.GOV.AU

Welcome to Campbelltown

Congratulations on your move to Campbelltown. It's my pleasure to welcome you to our city and community.

Campbelltown has always had a strong sense of community that attracts people from a diverse range of backgrounds. We are very proud of the diverse nature of our community and we have many celebrations of our different cultures held throughout the year at local events and festivals. While our community is progressing each day as we welcome new people and plan for the future, preserving our heritage is just as important to us and there are many wonderful places to visit, each with their own story to tell.

We live in a place where the city meets the bush. There are some remarkable places to explore with a rich history including the Dharawal National Park, Simmos Beach, Freres Crossing and Ingleburn Reserve. Thank you for choosing to make Campbelltown your new home.

Keep an eye on our website and social media channels to stay up to date with all our latest news, events and activities.

We are Koalatown

Campbelltown is home to over 300 wild koalas. We have a range of conservation and educational programs to assist in the protection of koalas. Become a Koalatown supporter, stay in the loop and help us protect our furry neighbours.

Never seen a koala in the wild? Go out spotting. They live along the eastern boundary of Campbelltown in the Georges River Corridor. Being nomadic they occasionally venture out to more urban areas.

Discover more about our koalas and other native wildlife by **visiting our website.**

Our Story

We are a city at the heart of things. A place that's naturally welcoming, where paths and people of the world come together to write their own stories. This Dharawal land has always been a place united by strong ties of kinship and compassion, caring for one another and for the landscape we're deeply connected to.

Our people, culture, nature and the way we do business inspires all those who engage with us - and surprises those who discover us afresh.

We are already a place for opportunity. Supported by our natural landscape, connected location, inventive spirit and vibrant community we will strengthen that role.

We are a wide open, straight up and onto it community that looks to new possibilities with positive determination. We are about actions over words and real progress over promises. We're doing what it takes to make the most of opportunities that lie ahead and we're doing it now.

We are
Campbelltown,
where opportunity
comes to life.

Over to you

We are keen to hear your thoughts on a range of initiatives, plans, policies and proposals. Now it's over to you
