

Important registration information for cat owners
Micro-chipping

Cat owners in NSW are legally required to microchip and register their pets. Kittens must be micro-chipped before they are 12 weeks old or before being sold or given away. Micro-chipping allows us to contact you if your pet goes missing and is taken to a vet, pound or shelter. This is your first step in the Registration process.

Registration and Annual Permits

Your cat must be registered by six months old. It is a one off fee for lifetime registration. Please note annual permit fees apply for cats that are not de-sexed or not de-sexed by four months of age. If your cat is de-sexed after 4 months of age, you will be required to pay a permit for one year through the Pet Registry www.petregistry.nsw.gov.au

From 1 July 2023, owners of cats which are not de-sexed by four months of age will be required to pay an **\$92** annual permit fee, in addition to their one-off lifetime pet registration fee **\$65**. The intent of this change is to create a stronger incentive for cat owners to de-sex their cats to limit cat straying and potential for unwanted cat litters.

Exemptions are in place for cats that are registered by 1 July 2020, those kept for breeding purposes by members of recognised breeding bodies, and cats which cannot be de-sexed for medical reasons.

Important registration information for dog owners

Micro-chipping

Dog owners in NSW are legally required to microchip and register their pets. Puppies must be micro-chipped before they are 12 weeks old or before being sold or given away. Micro-chipping allows us to contact you if your pet goes missing and is taken to a vet, pound or shelter. This is your first step in the Registration process.

Registration and Annual Permits

Your dog must be registered before they are 6 months old. It is a one off fee for lifetime registration. Please note annual permit fees apply for dogs that are restricted or declared dangerous. Permits can be paid for online on the NSW Pet Registry: www.petregistry.nsw.gov.au In addition, from 1 July 2023 owners of dogs of a restricted breed or that have been declared as dangerous will be required to pay a **\$221** annual permit fee in addition to their one-off lifetime pet registration fee. This will serve as a further disincentive to owning high-risk dogs and encourage dog owners to better manage the behaviour of their animal.
