THE MAYOR'S MESSAGE

I invite you to lend your support to the Campbelltown community, through my inaugural Charity Gala Dinner.

I'm delighted to be raising funds for the Macarthur Cancer Therapy Centre located at Campbelltown Hospital, who in March 2023 will recognise their 20th anniversary of providing cancer treatment and therapy services to the region.

Over the past year, the Centre saw 5077 patients, a 5.4% increase from the previous year, while more than 49,000 treatments were administered.

But with such high instances of the disease, it remains incredibly important to support and assist valuable services like the Macarthur Cancer Therapy Centre to provide the best treatment service they can.

Sadly, we all know someone in our life who has been diagnosed with cancer. Thankfully, with modern treatments, many cancers are treatable however the experience of treatment can be a difficult one for patients and their families.

Your support for this event will contribute to the purchase of a new scalp cooling machine and chemotherapy chairs to help increase the Centre's capacity for high quality care and improve the experience for those who find themselves needing treatment.

The event will be held at Ottimo House, providing the perfect backdrop for this year's western theme. So saddle up and dust off your best cowboy or cowgirl boots for a great night of fun, food and entertainment in support of this great cause.

I look forward to seeing you all there to support the great work done by the doctors and nurses at the Macarthur Cancer Therapy Centre.

J Gres

Cr George Greiss Mayor of Campbelltown
